

Ayukii, Voting Citizens of the Karuk Tribe,

I am excited to formally announce my candidacy for the position of Secretary/Treasurer in the upcoming election on August 1, 2023. As a citizen of our community, I am deeply committed to the continued success and prosperity of our tribe.

I bring a wealth of experience serving within Indian country, including previous council experience, as well as working as a BIA Enrollment Specialist and serving on all levels of gaming commission, from chairman to floor. Through my various roles, I have gained valuable experience in financial management, leadership, and governance.

If elected as Secretary/Treasurer, my top priority will be to maintain transparency and accountability in our financial practices. I believe that all citizens of the tribe have a right to know how their resources are being managed, and I am committed to providing all council approved reports on our financial activities. Additionally, I will work to develop strategies to increase revenue streams and find new opportunities for growth and development.

I am deeply committed to working collaboratively with citizens of the tribe to ensure that our financial resources are being used in the most effective and efficient way possible. As a citizen of the Karuk community, I understand the unique challenges and opportunities facing our tribe and I am dedicated to working towards our collective goals.

I look forward to the opportunity to speak with you in more detail about my experience and my vision for the future of our tribe. I am committed to earning your trust and support in the upcoming election.

Thank you for your consideration.

Sincerely,

DeAnna Super
