#### **Description of the Entity to be Audited:**

The Karuk Tribe is a federally recognized Indian Tribe whose constitution was formally adopted by its members on April 17, 1985. It has been determined that the Karuk Tribe is a primary government based upon the fact that it is legally separate, its governing body is separately elected, and it is fiscally independent of other governments. The Tribe uses fund accounting to report on its financial position and the results of its operations. The Karuk Tribe Housing Authority is an entity of the Karuk Tribe which manages the housing operations which are funded primarily by NAHASDA. This includes low-income rent units, lease purchase units and elder's life estates located in multiple communities. KTHA entered into a tax credit partnership to build 30 new homes in Yreka, CA. The homes are complete. The partnership has a calendar year end, and it is audited by an independent auditor, but the work is outside the scope of this agreement.

The Rain Rock Casino which opened on April 14, 2018 is located in Yreka California. The Casino has 349 Class III slot machines, 8 table games, a bar, and a restaurant.

The Karuk New Markets is a Qualified Active Low-Income Community Business (QALICB) created in fiscal year 2018 to help fund a wellness center and a family services center in Happy Camp, CA.

#### **Assistance Available to the Auditing Firm:**

In addition to the financial statements, the Karuk Tribe's accounting staff will prepare the Management Discussion and Analysis Report, SEFA, notes to the financial statements, depreciation schedules and other required supplemental schedules. The accounting staff will also be available to answer questions and offer general support to the audit staff. Computer equipment will not be available to the audit staff except for access to generate reports from the Tribe's accounting system.

#### **Report Requirements:**

The report should be addressed to the Karuk Tribal Council and should include all required financial statements, notes to the financial statements, supplementary schedules, and the schedule of expenditures of federal awards.

A summary of the auditor's findings is required and should include a statement of audit findings and recommendations affecting the financial statements and federal programs, internal controls, accounting systems, legality of actions, other instances of noncompliance with laws and regulations, and any other material matters.
