Request for Proposals**21-RFP-019**

For More Information: Contact – Ryan Hammer (530) 493-1600 ext: 2055 Email: rhammer@karuk.us

Site Visit Mandatory: Contact Ryan Hammer to schedule an appointment

Proposal Deadline: Thursday, June 3rd, 2021 no later than 5:00 p.m. (PST)

The Karuk Tribe requests proposals for the following Scope of Work required for deleting the program light system currently installed in the Karuk Medical/Dental clinic located at 1519 South Oregon St. Yreka, Ca. The current program light system, throughout the facility, is faulty and we want to bypass the low voltage system in favor of a standard/manual electrical lighting system. All State and Local code must be strictly followed. All applicable permitting and inspections will be the responsibility of the Contractor.

Task One – DEMO

DEMO existing low voltage wiring, switch gear and light fixtures that cannot be salvaged and reused. Mark and safeguard all project materials and debris until it can be properly disposed of by the Contractor at their sole expense. Keep walkways clear at all times. The area will need to be barricaded and clearly marked in a way that does not allow pedestrian traffic to pass through. The work area will be properly secured at the end of the day by the Contractor to the satisfaction of the Owner.

Task Two – Installation

New wiring, switches and light fixtures will be installed in current equipment locations. Wire sizing and type will be adequate for the length of run and current being carried, per State and Local codes. Switches will be standard rocker design and sized appropriately. Light fixtures will be 2'x4' LED troffer style lighting for drop ceilings with a color temperature of 5000K. All equipment finish colors TBD by owner.

Task Three – Ensure proper function/Clean up

The new lighting system will be tested for proper function and to insure program system has been completely deleted. Any damage caused as a result of the DEMO and installation of the wiring or other components will be repaired by the Contractor by this point. All remaining DEMO/Project debris and materials will be hauled off at this time and the area will be left in a condition equal to or better than found.

Responses to this Request for Proposals should include the following:

- 1) A statement of qualifications, including relevant project history.
- 2) A proposed approach and rationale for completion of the contract tasks described above, including descriptions of similar work previously completed and the results/benefits achieved.
- 3) A lump sum price, with attached price break-down page.
- 4) Names and telephone numbers of three client references.

Other Comments:

Indian Preference will apply in the selection process in accordance with the Indian Preference Act of 1934 (Title 25, USC, Section 47) and/or the Tribal Employment Rights Ordinance (TERO), based on funding source requirements.

All contracts that exceed \$2,500.00 shall be subject to a two percent (2%) Tribal Employment Rights Fee in accordance with the TERO Ordinance.

If applicable, construction contracts in excess of \$2,000, when required by Federal grant program legislation, are subject to compliance with the Davis-Bacon Act (40 USC 276a to a-7) as supplemented by Department of Labor regulations (29 CFR part 5).
