

Karuk Tribe
Letter of intent For Candidacy

Name of Candidate: Hermanent Albers
Tribal Roll # : 744
Candidate For : Chairperson

Candidate Statement

I, Hermanett Albers is running for Karuk Tribal Chairperson position. My grandma , Lucille Albers, is one of the very last full blooded Indians. I have been on the tribal council for the years 1999 to 2003. During my term was involved with several programs: Head start, tribal court, and health. I have several certificates such as:RPMSD contract health services2003, Nuts and bolts of GASB 34 & nuts and bolts of indirect cost reimbursement along with Tribal government compliance construction when contracting with the government in 2002, Force accountant Construction, construction procurement and construction project oversight 2002, Tribal court development 2001, compliance/HIPPA1.0 training 2003 and many more.

I believe in our tribal people. I know our tribal people is what makes our communities. I look at our tribal people and see how far we have come from to get to today. I believe in our tribal ceremonies and traditions. It is very important to pass down our traditions from generation to generation. That is what makes us Karuk People.

The Chairmen receives everything on his desk. All paperwork needs to be looked at very carefully and always be beneficial for our tribal people.

As a tribal chairperson I would not judge anyone by who they are but they bring to the table.
