Vacancy Announcement

- Title:** Prescribed Fire and Fuels Specialist
- Reports To:** Unit Fire Program Manager, or designee
- Supervises:** Captain and Technician positions as assigned
- Location:** Department of Natural Resources, Orleans and/or Somes Bar, California
- Classification:** Nonexempt, Full-time, Regular
- Salary/Wage:** \$22.33 to \$33.04 to start depending on education, experience, qualifications, and funding availability.
- Summary:** The incumbent serves in a key fire management position as a Prescribed Fire/Fuels Specialist (PFFS) in a low, moderate, or high complexity program. The primary responsibilities of the position are preparing and carrying out prescribed fire burn plans, monitoring fire effects, coordinating manual and mechanical hazardous fuels treatments, smoke management, and remaining available for fire response as needed. The PFFS also assists with project planning within a well-established collaborative framework. This is a programmatic leadership position in a multi-organizational partnership having a mission of restoring historic fire regimes.

Application Deadline: December 30, 2021 by 5:00 pm

Applications are available at all Tribal Offices or on the Internet at www.karuk.us. The Karuk Tribe's **(TERO) Preference and Drug & Alcohol Policy** apply.

If selected applicants must successfully pass a drug screening test and be willing to submit to a criminal background check.

Job descriptions are available online at: www.karuk.us or by contacting the Human Resources Department, Telephone (530) 493-1600 ext. 2041, Fax: (855) 437-7888, Email: vsimmons@karuk.us

POSITION DESCRIPTION

- Title:** Prescribed Fire and Fuels Specialist
- Reports To:** Unit Fire Program Manager, or designee
- Supervises:** Captain and Technician positions as assigned
- Location:** Department of Natural Resources, Orleans and/or Somes Bar, California
- Classification:** Nonexempt, Full-time, Regular
- Salary/Wage:** \$22.33 to \$33.04 to start depending on education, experience, qualifications, and funding availability.
- Summary:** The incumbent serves in a key fire management position as a Prescribed Fire/Fuels Specialist (PFFS) in a low, moderate, or high complexity program. The primary responsibilities of the position are preparing and carrying out prescribed fire burn plans, monitoring fire effects, coordinating manual and mechanical hazardous fuels treatments, smoke management, and remaining available for fire response as needed. The PFFS also assists with project planning within a well-established collaborative framework. This is a programmatic leadership position in a multi-organizational partnership having a mission of restoring historic fire regimes.

Responsibilities:

1. Assists in conducting field reconnaissance of prescribed fire/fuels treatment units, summarizes field findings and make basic recommendations on appropriate prescriptive criteria for meeting program objectives.
2. Participate in the drafting and/or technical review of prescribed fire/fuels management plans.
3. Plans, coordinates, implements and supervises fuels reduction activities.
4. Ensures a high standard of safety in all aspects of program/project implementation.
5. Participates in fuels management reviews, proficiency checks and drills, safety sessions, personnel evaluations and after-action reviews.
6. May serve as a Project Inspector (PI) on fuel management contracts and may be asked to assist in the preparation of contract specification and performance measures.
7. Responsible for overseeing the record keeping and maintenance of vehicle pool and mechanical equipment assigned.
8. Maintains fuels equipment/supplies inventories, identifies replacement needs, and drafts purchase/replacement documentation for submission to administrative support personnel for processing.

9. Assist in the leadership and development of the Karuk Tribe Integrated Wildland Fire Management Program.
10. Supports preparedness, prevention, and fuels program activities as assigned.
11. Assists in robust capacity building efforts, including building support for cultural burning.
12. Reviews project plans and makes recommendations on appropriate levels of research/monitoring.
13. Ensure all program/project reports are drafted, reviewed, and submitted on time.
14. Shall be available for local and out of the area travel as required for job related training. Shall attend all required meetings and functions as requested.
15. Provide project specific field data to interdisciplinary teams to assist in the planning, developing, and implementing fuels management projects. Provides input and recommends strategies for fuels management.
16. Shall be polite and maintain a priority system in accepting other position related job duties as assigned.

Qualifications:

1. Demonstrates the ability to work effectively with Native American people in culturally diverse environments.
2. Has displayed the ability to establish and maintain harmonious working relationships with other employees and the public.
3. Demonstrates the ability to understand and follow oral and written instructions.
4. Exhibits the ability to manage time well and work under stressful conditions with an even temperament.

Requirements:
