Plan Period 10/1/11 – 9/30/13

Reminder: These descriptions should be 1-2 paragraphs or less and should provide sufficient detail to enable a reader to understand how this process works or will work.

**Section 1.3. Estimated Funding**

These are preliminary ESTIMATES for information and planning purposes and may increase or decrease once the final grant awards are issued. Put in the amounts of the total FY 2012 CCDF allocations (mandatory and discretionary) for the **one-year period (10/1/2011 thru 9/30/2012)** that will be available on all child care and related services including funds for direct services, non-direct services, administration, and quality. Do not include any carry-over funds, unobligated and/or unliquidated CCDF balances from previous years.

**1.3.1. Estimated FY 2012 CCDF Funding Allocation**

**What is your expected level of funding for the first year of the FY 2012 – FY 2013 plan period?** The Lead Agency estimates that the following amounts will be available for child care services and related activities during the 1-year period from October 1, 2011 through September 30, 2012. (98.13(a))

\$ 93,886.00 Estimated Federal Child Care & Development Fund

\$ N/A Other available funding

Reminder: Total administrative expenditures over the entire three-year liquidation period may not exceed 15% of total expenditures, not including the base amount.

**1.3.2. Estimated Amount of Funds to be used for Construction or Renovation**

This Application does not give approval to spend funds on construction or renovation. Funds for this purpose cannot be spent until a Tribe has applied for and received approval, through a separate application process, from the Administration for Children and Families.

As a part of the separate construction/ renovation application process, a Tribe must show that adequate facilities are not otherwise available to carry out child care programs, and that the lack of facilities will inhibit future program operations. Furthermore, a Tribe cannot reduce the level of child care services, as compared to the preceding fiscal year, in order to spend funds on construction or renovation. Procedures regarding the separate construction/renovation application process are contained in CCDF-ACF-PI-2010-03, dated April 7, 2010 and regulations at 45 CFR 98.2 and 98.84.

Yes. The Tribal Lead Agency estimates that the following amount of CCDF funds awarded in FY 2012 will be used for construction or renovation purposes:

\$ \_\_\_\_\_ (Insert the amount you will set aside for construction from FY 2012 allocation).

### **Section 1.4. Indian Child and Indian Reservation or Service Area**

#### **1.4.1. Child Count**

The Tribal Lead Agency determines the number of Indian children, under age 13, who reside on or near the reservation, or service area. **The Tribal Lead Agency may not count any children who are included in the Child Count of another CCDF Tribal Lead Agency. The Tribal Lead Agency is required to confer with all other CCDF Tribal Lead Agencies that have overlapping or neighboring service areas.** (98.81(a)(4), 98.81(b)(4))

Complete and attach the “Child Count Declaration” at Appendix #2.

#### **1.4.2. Indian Child**

Identify which Indian child(ren) will be counted in your child count. (658O(c)(2)(B), 98.80(e), 98.81(b)(2)(i) and (ii), 98.81(b)(3)(ii), 98.81(b)(4))

Reminder: While Tribes have some flexibility in defining “Indian Child,” the definition must be limited to children from federally recognized Indian Tribes, consistent with the Child Care and Development Block Grant Act’s definition of Indian Tribe.

The Tribal Lead Agency defines Indian child as: As specified by the ICW program. Any child enrolled in a federally recognized tribe or eligible for enrollment in a federally recognized tribe or a lineal descendant of the California Judgement rolls.

#### **1.4.3. Indian Reservation or Service Area**

Programs and activities are to be carried out for the benefit of Indian children living on or near the Indian reservation. The service area therefore must be within a reasonably close geographic proximity to the borders of a Tribe’s reservation (with the exception of Tribes in Alaska, California, and Oklahoma). Tribes that do not have reservations must establish service areas within reasonably close geographic proximity to the area where the Tribe’s

population resides. ACF will not approve an entire state as a Tribe's service area. (658O(c)(2)(B), 98.80(e), 98.81(b)(2)(i) and (ii), 98.81(b)(3)(ii), 98.83(b))

Reminder: Tribes can limit services within the reservation boundaries or can go beyond the reservation boundaries (Example: "permanent residence is within the reservation boundaries, however the participant is attending school outside of the reservation area", or "resides within 20 miles of the reservation boundaries", etc.).

The Tribal Lead Agency defines the Service Area as: As defined by BIA. Siskiyou County and northeastern Humboldt County excluding the Quartz Valley Indian Reservation\_\_\_\_\_

**Section 1.5. Consortium**

A consortium representing more than one Indian Tribe may be eligible to receive CCDF funds on behalf of a particular Tribe. The Consortium Lead Agency must list all participating Tribes and include an attachment with separate demonstrations (i.e. resolutions) from each Tribal consortium member indicating that the consortium has the authority to seek funding on behalf of its constituent Tribes. **If there is any change in the consortium membership, the Tribal Lead Agency must notify ACF through an amendment to the Plan.**

**1.5.1. Are you a Tribal Consortium?**

- Yes. If yes, a Tribal consortium must provide a list of its participating member Tribes and include demonstrations; for example, Tribal Resolutions from these participating members indicating that the consortium has the authority to seek funding on their behalf. (98.80(c)(1), 98.81(b)(8)(i))

These demonstrations are provided as Attachment (Enter Attachment #: \_\_\_\_\_).

Reminder: For Alaska Native Regional Nonprofit Corporations, the list and demonstrations are for purposes of Discretionary Funds only.

- No. Skip to 1.6

**1.5.2.** A Tribal consortium must describe how it coordinates services on behalf of its participating member Tribes. Include a brief summary of how the consortium is coordinating services (including direct services) on behalf of its participating members (or "constituent" members in the case of Alaskan entities). (98.81(b)(8)(ii), 98.83(c)(1))

Plan Period 10/1/11 – 9/30/13

### **Section 1.6. Program Integrity and Accountability**

Program integrity is defined to include efforts established by a tribal government that ensure effective internal controls to reduce programmatic or financial risks in the administration of CCDF funds. The Tribal Lead Agency is responsible for designing internal controls systems to facilitate monitoring programs and services, ensuring compliance with the rules of the program, and overseeing the expenditure of all funds. Accountability measures should address strategies to strengthen program integrity and to reduce and prevent fraud and misspent funds. (98.11(b), 98.60(i))

Reminder: As the recipient of Federal funds, Tribal Lead Agencies are responsible for ensuring that adequate procedures are in place to ensure that funds reach eligible children and families. Tribal Lead Agencies have flexibility how to achieve this objective, including working with the Tribal fiscal office and other partners. Strengthening internal controls can improve the overall efficiency of the CCDF program, which can enhance services to parents and providers. These questions are being asked to gain a deeper understanding how Tribes are exercising their options to fulfill their responsibilities for program integrity and accountability.

- 1.6.1.** What policies and procedures does the Tribal Lead Agency have in place that ensures the administration of CCDF funds is in accordance to all Federal and Tribal rules and regulations? For example, fiscal checks and balances, internal controls, ensuring adequate documentation exists for all transactions, including eligibility determinations, etc.

**Describe:** The Karuk Tribe's fiscal policies and procedures (available for review at [www.karuk.us](http://www.karuk.us)) are in place to ensure the administration of CCDF funds is in accordance to all Federal and Tribal rules and regulations. They include fiscal checks and balances, internal controls, ensuring adequate documentation exists for all transactions, including eligibility determinations and other strategies that inspire confidence in compliance with federal and tribal regulations.

- 1.6.2.** What current or future strategies, if any, does the Tribal Lead Agency have in place to prevent and reduce fraud and/or misspent funds? For example, reviewing attendance or billing records for accuracy, auditing provider records, conducting case record reviews, etc.

**Describe:** The Karuk Tribe practices internal audit reviews at least annually to review attendance and billing records for accuracy in addition to the auditing of provider records and

- Yes, as an Exempt Tribe we are not required but have chosen to operate a Certificate Program. Exempt Tribes may choose to select "Yes" if you provide the full categories of child care.

Reminder: The terms "certificate" and "voucher" are often used interchangeably but for the purposes of the Tribal Plan Preprint we have chosen to make a distinction between the two terms. The term "certificate" is used to designate the program that allows parents a provider choice from all four categories of care (i.e., center-based care, group home care, family child care and in-home care). The term "voucher" is used for Exempt Tribes who operate like a certificate program, but offer parents fewer choices than the full four categories of care.

### **Section 3.5. Priority Rules for Children**

At a minimum, CCDF requires Lead Agencies to give priority for child care services to children with special needs. Prioritization of CCDF-services is not limited to eligibility determination (i.e., establishment of a waiting list or ranking of eligible families in priority order to be served). Lead Agencies may fulfill priority requirements in other ways, such as higher payment rates for providers caring for children with special needs. (658E(c)(3)(B), 98.44(b))

Reminder: Responses under Section 3.5 should provide sufficient detail to enable a reader to understand the Tribal Lead Agency's priority rules.

#### **3.5.1. Priority Rules for Children with Special Needs**

Reminder: Lead Agencies have the flexibility in how they define "special needs". Lead Agencies are not limited in defining children with special needs to only those children with physical or mental disabilities (e.g., with formal Individual Education Plan (IEP) required under the Individuals with Disabilities Act (IDEA). Lead Agencies could consider children in the child welfare system, children of teen parents, or homeless children as examples of children with special needs.

- a) How does the Tribal Lead Agency define "children with special needs?"

Describe: Any child requiring focused love, attention and/or assistance for basic care due to learning, physical or emotional disabilities or environmental needs such as homelessness.

- b) Describe how the Tribal Lead Agency will give priority for child care services to children with special needs (658E(c)(3)(B), 98.44(b))

Describe: Children with special needs are identified at the time of the application process and are given priority.

#### **3.5.2. Additional Priority Rules**

- a) Does the Tribal Lead Agency have additional eligibility priority rules or categories? (658E(c)(3)(B), 98.16(g)(5), 98.20(b))

### **Section 3.6. Payment Rates for Child Care Services**

Lead Agencies are required to establish payment rates for child care services that ensure eligible children equal access to comparable care. (658E(c)(4), 98.16(l) and 98.43(b)(2)).

- 3.6.1.** Provide a copy of your payment rates as Attachment. (Enter Attachment #:1) For Tribally Operated Centers and those offering direct services through grants or contracts, complete 3.6.3 below.

**The attached payment rates were or will be effective as of:** 10/01/2011

Reminder: The attached payment rates should reflect all the rates that cover the variety of care offered in your program. Tribal Lead Agencies are reminded that payment rates cannot be based on a family's eligibility or circumstances. This means that the Lead Agency may not establish payments for TANF families that differ from the payments for child care for the working poor, or for families in education or training.

**Reminder for Tribally Operated Centers:** For Lead Agencies that only offer direct services through a tribally-operated center In lieu of a payment rate schedule, the Tribe could provide information about its CCDF budget, including the average cost of providing care per child, or information about what the center would charge a non-subsidized child for care.

- 3.6.2.** Are the payment rates provided used in all parts of the Tribal Service Area?

Yes.

No. Attach other payment rates as Attachment (Enter Attachment #:\_\_\_\_\_). Indicate their effective dates and describe or list the geographic areas where they are used: \_\_\_\_\_

- 3.6.3** Does the Tribal Lead Agency provide child care services **only** through a tribally-operated center(s) or grants and contracts?

Yes, if yes attach information on cost of care per child, budget information or other documentation regarding the cost of child care services. (Enter Attachment #:\_\_\_\_\_)

No.

### **3.6.4. Market Rate Survey Requirements**

Tribal Lead Agencies are required to establish payment rates for child care services that ensure eligible children equal access to comparable care. At a minimum, Lead Agencies are required to show how payment rates are adequate based on a local market rate survey conducted no earlier than two years prior to the effective date of the currently approved Plan (i.e., conducted no earlier than 10/1/09 and no later than 9/30/11).

PLAN FOR: KARUK TRIBE

CHILD CARE & DEVELOPMENT FUND SERVICES

Plan Period 10/1/11 – 9/30/13

ACF recognized that market rate surveys may not be feasible for some Tribal Lead Agencies. Lead Agencies have three options for fulfilling the local Market Rate Survey requirements. Lead Agencies have the option of 1) conducting its own local Market Rate Survey, 2) using the State’s local Market Rate Survey, or 3) providing alternative documentation in lieu of a local Market Rate Survey if selected criteria are met. Select the option that best fits the circumstances of your Tribal Child Care Program and provide the requested information for the option selected.

Which option does the Tribal Lead Agency use in fulfilling the local Market Rate Survey requirements? Please select only ONE option.

Option 1 - The Lead Agency conducts its own Market Rate Survey.

If Yes, include the following:

The date of the local child care market rate survey(s): May/6, /2011

**Required: Describe how payment rates are adequate to ensure equal access based on the results of the market rate survey (i.e., the relationship between the attached payment rates and the market rates observed in the survey). What additional facts (if any) were used, in addition to the market rate survey, to set the attached payment rates? (98.16(I), 98.43)**

Describe: Payment rates are adequate as they reflect the higher cost of quality care and give parents a wider choice of licensed care facilities with high quality programs in our largest Tribal community. The payment rates has a tiered reimbursment for providers who have more training for the two rural/frontier communities without licensed care options.

Option 2 - The Lead Agency uses the State’s local Market Rate Survey.

If Yes, include the following:

Name of State: \_\_\_\_\_

Date (including the year) of the survey: \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_

**Required: Describe how the payment rates are adequate to ensure equal access based on the results of the market rate survey (i.e., the relationship between the attached payment rates and the market rates observed in the State(s) survey(s)). - Option 3 - The Lead Agency will provide alternative documentation in lieu of a local Market Rate Survey. Lead Agencies must meet at least one of the following criteria in order to select this option.

**Criteria 1. Check if:**

The Tribal Lead Agency has documented that it funds CCDF direct services solely in settings outside the scope of a market rate survey including;

(a) an Exempt Tribal Lead Agency providing CCDF direct services solely in Tribally operated facility(ies) and does not provide services through certificates/vouchers, grants, or contracts; and/or

(b) a Tribal Lead Agency funds CCDF direct services solely in unregulated home-based settings such as in-home care (i.e., care in the child's own home) or family, friend and neighbor care, and does not fund any CCDF services in centers, regulated family child care homes or regulated group homes.

**If checked.** Provide the documentation or a description indicating that the Tribal Lead Agency funds CCDF services solely in Tribally operated facility(ies) and does not provide services through certificates/vouchers, grants, or contracts; or provides direct services solely in unregulated home-based settings and does not provide any services through centers or regulated homes.

**Criteria 2. Check if:**

The Tribal Lead Agency has documented that all child care providers in the service area that would potentially be included in a market rate survey (a) serve only children receiving CCDF subsidies, and (b) serve no private-pay children.

**If yes, provide the documentation describing** how the Tribal Lead Agency determined that all providers serve only children receiving CCDF subsidies and serve no private-pay children, including a description of all relevant provider types (i.e., centers, family child care homes, etc) that were examined.

- 3.6.5. For Non-Exempt Tribes Only** – If the payment rates do not reflect individual rates for the full range of providers -- center-based, group home, family home, and in-home care— explain how the choice of the full range of providers is made available to parents.

Describe: \_\_\_\_\_

Reminder: If your rates do not cover all categories of providers (i.e. center, family home, group home, in home) you must explain how parents will have access to the full range of providers, (i.e. if your rates only cover center, how will parents request subsidies for family home providers?)  
Remember, non-exempt Lead Agencies must operate a certificate program and offer access to all 4 categories of care.

- 3.6.6.** Will the Tribal Lead Agency provide any type of tiered reimbursement or differential rates on top of its base reimbursement rates for providing care for subsidized children?

No.

Yes. Check all types of tiered reimbursement the Tribal Lead Agency has chosen to provide.

**Section 3.7. Sliding Fee Scale(s)**

CCDF requires families to share in the cost of subsidized child care (658(E)(5), 98.42). The Tribal Lead Agency must establish a sliding fee scale that details each family's contribution(s) (i.e., "co-payment"). The sliding fee scale must vary based on **income and the size of the family**.

**3.7.1.** Provide a copy of the Tribal Lead Agency's sliding fee scale for child care services as Attachment (Enter Attachment #:2).

The attached sliding fee scale will be effective as of: 10/01/2011

**3.7.2.** Does the Tribal Lead Agency use other factors in addition to income and family size to determine each family's contribution to the cost of child care? (658E(c)(3)(B), 98.42(b))

Yes. Describe those additional factors: \_\_\_\_\_

No.

**3.7.3.** Is the same sliding fee scale provided in attachment 3.7 in response to question 3.7.1. above in use in all parts of the Tribal service area? (658E(c)(3)(B), 98.42)

Yes

No, and other scale(s) are provided as attachment (enter attachment #: \_\_\_\_\_).

**3.7.4.** The Tribal Lead Agency may waive co-payments for families whose incomes are at or below the poverty level for a family of the same size. (98.42(c))

Reminder: Tribal Lead Agencies are reminded that the co-payments may be waived for only two circumstances – for families at or below the poverty level or on a case-by-case basis for children falling under the definition of "protective services" (as defined in 3.4.4).

ALL families, including those with incomes at or below the poverty level for families of the same size, ARE required to pay a fee.

PLAN FOR: KARUK TRIBE

CHILD CARE & DEVELOPMENT FUND SERVICES

Plan Period 10/1/11 – 9/30/13

The regulations at 98.33(b) require the Tribal Lead Agency to inform parents who receive TANF benefits about the exception to the individual penalties associated with the work requirement for any single custodial parent who has a demonstrated inability to obtain needed child care for a child under 6 years of age. Lead Agencies must coordinate with TANF programs to ensure, that TANF families with young children will be informed of their right not to be sanctioned if they meet the criteria set forth in the TANF statute and Plan.

In fulfilling this requirement, the following criteria or definitions are applied by the TANF agency—which include both the Tribal TANF agency and the State TANF agency-- to determine whether the parent has a demonstrated inability to obtain needed child care:

Reminder: The TANF agency, not the Child Care Tribal Lead Agency, is responsible for establishing the following criteria or definitions. These criteria or definitions are offered in this Plan as a matter of public record. This question is for informational purposes.

a) Identify the TANF agency(ies) that established these criteria or definitions:

State(s) TANF Agency: \_\_\_\_\_

Tribal TANF Agency: Karuk Tribe TANF Program

b) Provide the following definitions established by the TANF agency.

- “Appropriate child care”: A safe, healthy, nurturing environment.
- “Reasonable distance”: A commutable distance usually no greater than an hour.
- “Unsuitability of informal child care”: An unsafe or unsanitary environment.
- “Affordable child care arrangements”: Costs that do not exceed the local market rate.

**Section 4.2. Description of Procedures for Unlimited Parental Access**

The Lead Agency shall have procedures to ensure that providers receiving CCDF funds afford parents unlimited access to their children, and access to the providers caring for their children, during normal hours of provider operation and whenever the children are in the care of the provider. ### **Part 5 – Activities and Services to Improve the Quality of Child Care**

In this section, Tribal Lead Agencies are asked to describe their goals and plans for the implementation of child care quality improvement activities. Core elements of CCDF include quality investments and support systems for programs and staff. Tribes are encouraged, regardless of size, to take an intentional approach to quality improvement – assessing the current quality of care available and the training and technical assistance needs of providers; investing their quality funds and efforts in accordance with the needs; and reviewing the success of their activities to improve quality and making adjustments as necessary.

The Tribal Lead Agency should consider its goals for a child care quality improvement system for all families, not just those receiving assistance under CCDF. (658G, 658E(c)(3)(B), 98.16(h), 98.51, 98.83(f))

Reminder: CCDF regulations require non-exempt Lead Agencies (those receiving \$500,000 or more) to spend not less than 4 percent on quality activities. These activities may include, but are not limited to; activities designed to provide comprehensive consumer education, increased parental choice, and to improve the availability and quality of child care services.

Exempt Lead Agencies (those receiving less than \$500,000) are strongly encouraged to spend CCDF funds on quality activities but are not required to meet the 4 percent provision.

#### **Section 5.1. Quality Improvement Activities**

5.1.1. How does the Tribal Lead Agency learn about the quality of care currently offered and the training and TA needs of providers? (Note: Tribes may make their own decisions about how to determine their needs and make investments. For technical assistance purposes, ACF would like to learn how Tribes perform these functions – from the use of formal tools to determine the quality of programs to more informal methods to learn about the needs of relative caregivers.)

**Describe:** The Child Care Program has created formal surveys for parents and providers to learn about the quality of care currently offered and their training and T/A needs. Attending local and state meetings and actually listening to parents and providers influences the determination of needs as well as where to make investments.

**Part 6 – Health and Safety Requirements for Providers**

**Activities to Ensure the Health and Safety of Children in Child Care** This section is intended to collect information on how Tribal Lead Agencies meet the statutory and regulatory provisions related to the health and safety requirements for the CCDF program and how the requirements are effectively enforced. The Personal Responsibility and Work Opportunity and Reconciliation Act of 1996 (Public Law 104-193) requires that in lieu of any licensing and regulatory requirements applicable under State and local law, the U.S. Department of Health and Human Services develop minimum child care standards for Indian Tribes and Tribal Organizations receiving funds under the Child Care and Development Fund. The Minimum Tribal Child Care Standards were first published in April 2000 after three years of consultation with Tribes and tribal organizations, These voluntary guidelines represent the baseline from which all programs should operate to ensure that children are cared for in healthy and safe environments and that their basic needs are being met. We are aware that many Tribes may currently exceed the minimum standards. Each set of standards is organized in three sections that correspond with the basic CCDF health and safety standards: (1) policies, practices, and caregiver training; (2) building and premises; and (3) infection control. Tribal Lead Agencies still maintain the option of using the voluntary Minimal Tribal Child Care Standards or Tribal, State, or local licensing or regulatory requirements.

**Section 6.1. Standards for Categories of Care**

Such requirements shall include the prevention and control of infectious diseases (including immunization), building and physical premises safety, and minimum health and safety training appropriate to the provider setting. (658E(c)(2)(B), 98.15(b)(1), 98.31)
- (2) It maintains a record of substantiated parental complaints and makes information regarding such complaints available to the public on request. (658E(c)(2)(C), 98.15(b)(2), 98.32)

- (6) Procedures are in effect to ensure that child care providers that provide services for which assistance is provided under the CCDF comply with all applicable health and safety requirements. (658E(c)(2)(G), 98.15(b)(6), 98.41)
- (7) Payment rates under the CCDF for the provision of child care services will be sufficient to ensure equal access for eligible children to comparable child care services in the Tribe or Tribal service area that are provided to children whose parents are not eligible to receive assistance under this program or under any other Federal or State child care assistance programs. (658E(c)(4)(A), 98.15(b)(7), 98.43)
